Tour Plan

Day 01 Nairobi – Drive to Sweetwaters/ OI Pejeta Game Sanctuary

This morning we depart Nairobi and proceed north, driving through lush tea and coffee estates to Sweetwaters Tented Camp. Sweetwaters land, the OI Pejeta Conservancy and its sumptuous ranch were once the private domain of famed multi-millionaire, Adnan Kashoggi. We visit the Chimpanzee Sanctuary, a charming haven established by the Jane Goodall Institute to provide sanctuary to orphaned chimps, and the specially protected and fenced refuge of black rhino with its stunning forty specimens! In fact Sweetwaters boasts excellent game viewing with the highest ratio of game to area of any park or reserve in Kenya. In addition to the chimps and the black rhinos, you will have a chance to view an amazing variety of wildlife such as zebra, lion, leopard, thomson's gazelle, grant's gazelle, oryx, eland, baboon, elephant and various species of birds.

Day 02 Sweetwaters – Drive to Samburu Game Reserve

This morning we travel by road to Kenya's northern frontier. Wild and rugged, Samburu is fiercely beautiful with its arid savannahs watered by the lovely Uaso Nyiro River. Of all the East African major savanna reserves, Samburu is renowned for its rare species of fauna known as the 'Samburu five'. These five particular animals are usually only found north of the equator – the long necked gerenuk a remarkable antelope which spends much of its time on its hind legs searching for succulent leaves. The Grevy's zebra which is smaller than the common zebra and looks more like a horse, the beisa oryx with black horizontal stripe running across its lower flank and the Somali ostrich males which have blue-grey necks and thighs. We have lunch and then proceed to look for these animals on an afternoon Game Drive. A variety of other animals can also be found. These include lion, elephant, leopard, dik-dik, mongoose, waterbuck, impala, baboon, cheetah and monkey. Avid bird watchers will find the reserve very attractive for bird viewing. A camel back safari is also a specialty in

Samburu as well as a cultural visit to the Samburu people who depend on their cattle, goat, sheep and donkey.

Day 03 Explore Samburu Game Reserve

Today we start our day in the bush by scanning the river from our tent's veranda with a cup of steaming coffee in hand. Before the dew is off the grass, we're off in pursuit of the elephants, lions, leopards, and cheetahs that thrive in the reserve's grasslands and acacia woodlands. And so the day is spent in alternating pursuits of exploration in the bush and relaxation in our cozy camp/ Lodge.
