

Overview

Marangu Trek – Mount Kilimanjaro

The Marangu Trek is the most popular route to summit Mount Kilimanjaro, attracting approximately 90% of all climbers. Known for its well-defined paths and “climber-friendly” experience, this route is ideal for those seeking a relatively straightforward ascent combined with scenic beauty and cultural encounters.

Why Choose Marangu Trek:

- **Well-Defined Trail:** The route is clearly marked and maintained, making it accessible for climbers of moderate experience levels.
- **Scenic Landscapes:** The trek offers spectacular views of Mawenzi, lush forests, and alpine scenery. Hikers can enjoy panoramic vistas and varying ecosystems as they ascend.
- **Wildlife Viewing:** Opportunities exist to observe unique wildlife native to the mountain, including monkeys, antelopes, and diverse bird species.
- **Accommodation in Mountain Huts:** Unlike camping routes, Marangu offers overnight stays in basic but adequate mountain huts. These provide shelter, meals, and a chance to rest comfortably at designated campsites.
- **Cultural Encounters:** Along the trail, trekkers often interact with guides and porters from local Chagga communities, providing insight into the culture and traditions of the Kilimanjaro region.

Experience Highlights:

- Trek through lush rainforest, heath, and moorland zones.
- Enjoy unobstructed views of Mawenzi and Kibo peaks.
- Ascend via a gradual route that increases your acclimatization success.
- Rest in mountain huts, fostering camaraderie with other climbers.
- Experience local culture through interactions with Kilimanjaro guides and porters.

Included

- Transfer to and from the base of the mountain
- Transport on custom made 8 seater tour van ideal for game viewing and photography
- Accommodation and meals as per itinerary
- Bottled water during game drives
- Full board accommodation whilst on safari
- Airport transfers
- Accommodation in double/twin/triple room sharing
- All applicable Game Park Entrance Fees
- Game drives as detailed in the itinerary
- Round trip transport
- Multi-lingual Professional Safari Guide/ Driver

Excluded

- Medical Evacuation (USD 30 per person value)
- Optional activities
- Gratuities and tips for guides, drivers, and hotel staff
- Personal and Luggage insurance
- Accommodations in Nairobi
- Personal Expenses
- Drinks
- Laundry
- Tips
- International Airfare

Tour Plan

Day 01 Arrival - Arusha

On arrival at Kilimanjaro Airport, met and assisted. Transfer to a hotel for an overnight. Dinner and Overnight.

Day 02 Marangu Gate (1980m) - Mandara hut (2700m)

Hiking time: 5 hours Distance: About 12 km's Habitat: Montane forest The drive from Moshi to the Kilimanjaro National Park gate, takes about 50 minutes. The journey passes through the village of Marangu, which is located on the lower slopes of the mountain. Once you reach the park gate, all hikers are requested to sign in at the Park office and make their final preparations for the climb. Porters will be seen arranging and loading their packs, containing the food, water, cooking gas as well as most of your equipment. Make sure that you have all your daypack items (containing at least drinking water, your lunch pack and extra clothing) with you as the porters ascend a lot quicker than the hikers. Our guides will be available to assist with any additional information or needs you might have. You now leave the Park gate and ascend on a cleared ridge trail through the rain forest. The forest, suffused with mist and dripping with beards of moss, is also where most of Kilimanjaro's animals are found. (An alternative and more scenic parallel forest trail, branches off the to the left a few minutes after the gate. This trail follows the edge of a stream through the undergrowth and offers you the option to rejoin the main trail either, after 1,5 hours hiking, or 1 hour before Mandara hut.) Your first night stop, Mandara hut, is a group of wooden A-framed huts in a forest clearing. Each hut features 6-8 sleeping bunks with solar generated lighting. The total capacity of the camp is 60 climbers. Water is piped into the camp from springs above and there are flush toilets behind the main hut.

Day 03 Mandara hut (2700m) - Horombo hut (3720m)

Hiking time: 6 hours Distance: About 15 km's Habitat: Moorland From Mandara hut the trail passes through a short stretch of forest, then skirts the base of the Maundi Crater and then emerges into the transition from rain forest to moorland. It is well worth a short detour to scramble up the rim of the Maundi Crater for your first really impressive view of the Kibo Crater. On a clear day, Kibo will glimmer in the distance, showing off her majestic glaciers in the morning sun. Once you are in the open moorland you will get the chance to see some of Kilimanjaro's most spectacular plants - the endemic giant lobelia which grows up to 3 m in height and the giant groundsel (Senecia Kilimanjari), which can reach heights of 5m! After about 6 hours from here you reach the Horombo hut, where you will have hot washing water, rest; an evening meal and overnight.

Day 04 Horombo hut (3720m) - Acclimatisation day

Horombo hut is a village of huts perched on a small plateau, with buildings similar to Mandara, but with a total capacity of 120 climbers! Normally bustling with hikers, guides, porters and with an atmosphere of adventure and excitement. You will meet both ascending and descending hikers here. This extra day and night at Horombo is for additional acclimatisation. A hike towards the Mawenzi hut, passing the Zebra Rocks on the way (about 3 hours up and 1,5 hours down), is strongly recommended. This hike will further assist with the process of acclimatisation. Remember to drink enough water and move slowly! All meals for the day are provided at the hut. Retire to bed early and get a last good night's rest.

Day 05 Horombo hut (3720m) - Kibo hut (4700m)

Hiking time: 6 hours Distance: About 15 km's Habitat: Alpine desert Kilimanjaro Hikers. After breakfast you now continue your ascent into the Alpine desert habitat. From

Horombo there are two trails to the "Saddle" (which refers to the area located between the peaks of Mawenzi and Kibo). There is an upper route (right hand fork) and lower route (left hand fork) to choose from. The upper route (right hand fork) will be very familiar, as you will have climbed most of it the previous day towards Mawenzi hut. It is very stony and eroded. The recommended lower route (left hand fork) is much easier and nearly an hour, and it also passes the last watering point at 4130m. You will have to fill your water bottles with all the water you will need until your return to Horombo hut in two night's time (unless you are willing to buy Mineral water at Kibo hut). Once again remember to slow down and drink enough water!! Situated in the barren Alpine desert is Horombo hut, a stone build block house which has bunk beds for 60 climbers, but no streams with water nearby. It is however possible to buy mineral water and soft drinks at the camp office. There are platform toilets behind the hut. The summit is now a further 1195m up and you will make your Sleeping hikers at Kibo hut. final ascent the same night. Prepare your equipment, ski-stick and thermal clothing for your summit bid. This should include the replacement of your headlamp and camera batteries and make sure you have a spare set available as well. To prevent freezing it will be wise to carry your water in a thermal flask. Go to bed at round about 19h00 and try to get as much rest and sleep as possible.

Day 06 SUMMIT ATTEMPT Kibo hut (4700m) - Uhuru Peak (5895m) - Horombo hut (3720m)

Hiking time: 8 hours to Uhuru - 6 hours to descend to Horombo Distance: 6 km's ascent - 21 km's descent Habitat: Stone scree and ice-capped summit You will rise around 23h30, and after some tea and biscuits you shuffle off into the night, and this is where the going really gets tough. The first section of the On the Summit. trail consists of a rocky path to the Hans Meyer Cave (5150m), also a good resting spot. The path then zigzags up to Gillman's point (5 681m), which is located on the crater rim. This section

is very steep with a lot of stone scree, requiring a great physical and mental effort. Probably the most demanding section of the entire route. Do the Kili shuffle and move slowly. Group at Gilmans Point. From Gillmans Point you will normally encounter snow all the way up to Uhuru peak (5895m), the highest point in Africa. Total exhilaration and satisfaction - you made it. Weather conditions on the summit will determine how long you will be able to spend, taking photographs, before the 3 hour descent back to Kibo hut. After a short rest you gather all your gear you left behind for the ascent and head down to Horombo hut (3 hours) for your overnight. The return to Horombo hut will seem surprisingly fast compared to the ascent. The total time spent walking on this day is around 14 hours, so be prepared for a very tough day. Later in the evening you enjoy your last dinner (with soft drinks and beer for sale at the camp office) on the mountain and a well-earned sleep, filled with memories and stirring emotions.

Day 07 Horombo hut (3720m) - Marangu Gate (1980m)

Hiking time: 6 hours Distance: About 27 km's After breakfast you continue your descent (6 hours), passing the Mandara hut, down to the Marangu gate. It is strongly recommended not to pay your porters any tips until you and all your gear have reached the gate safely. [Click here for more info on tips.](#) At Marangu gate you sign your name and details in a register. This is also where successful climbers receive their summit certificates. Those climbers who reached Gillman's Point (5685m) are issued with green certificates and those who reached Uhuru Peak (5895m), receive gold certificates. You now drive back to Moshi for a long over due hot shower, dinner and celebrations!! Overnight in Springlands hotel.

Day 08 Departure

Transfer to Kilimanjaro Airport for your flight back home or continue with your safari schedule.
